

# OPPORTUNITIES AND BEYOND

to manufacture in India  
with SYNEGRA

[www.synegra.com](http://www.synegra.com)

SYNEGRA™

We at SYNEGRA EMS LTD. offer a large number of advantages for companies who are looking to manufacture their electronic products in India. Synegra is a 100% owned EMS products manufacturing company of Smartlink Holdings Ltd.

We have a large manufacturing setup of SMT lines, soldering lines, assembly, and testing lines. We manufacture all kinds of products – from PCB assemblies like motherboards, add-on cards, the latest FTTH and Wi-Fi products, telecom products, mobile phones, automotive electronic products, and Defence applications products. We source detailed parts from local suppliers as well as from well-known companies worldwide. We offer a locally manufactured active range of networking products by sourcing detail parts from Taiwan and China for many electronics brands as Made in India Products.

## About Us:

SYNEGRA EMS Ltd., with SMARTLINK has 25+ years of presence in the manufacturing of Networking products, Motherboards, and other various printed circuit board-based products.

SMARTLINK is a BSE|NSE listed company with the expertise of IT networking products marketing. Established in 1993 in Goa, is a forerunner in the field of IT networking products manufacturing, having a large manufacturing base in Goa.

Having Joint Ventures with Taiwanese Companies like (Brand Product) D-Link, GIGABYTE, MDS, and SAPPHERE UK in SCS. Large, state-of-the-art manufacturing setup with SMT, wave soldering, Box build assembly and Testing has a proven track record of excellent Cost –Quality –Delivery performance.

The large campus has ready infrastructure that can accommodate 6 more SMT lines with complete assembly and testing capabilities. The total factory area is around 93,613 sq. ft. out of which 29,030 sq. ft. is the existing area available for manufacturing and 64,583 sq. ft. area is available for further expansion.

- **25+ years** of Manufacturing experience
- Manufactured for many **international brands**
- Currently we have **setup of 2 SMT lines** and about to expand **6 SMT lines**
  - Existing Area Available of **29,030 Sq. Ft.**
  - Area Available for Further Expansion of **64,583 Sq. Ft.**
  - Near to **Airport** and **Seaport**

HOLDINGS

Manufacturing Since 1986

## Manufacturing and Production Capacity:

- We have state-of-the-art manufacturing facility at Goa which is highly flexible and versatile, and geared for delivering products of global quality.
- The plant is as ISO 9001:2015 and ISO 14001:2015 certified with a production shop floor area of 29,030 sq. ft. and 64,583 sq. ft. area available for further expansion.
- There are two SMT lines of which one is the latest SMT line of Fuji installed in 2019, with a provision of increasing production to 10 times in a very short span of time.
- The facility has two wave soldering machines and modern equipment like ICT, BGA Rework machines, X-ray machine, Solder paste Z-Check.
- Component placement capacity of 200K+ CPH available.
- Capability / Space available to invest 6 additional SMT lines.
- Fully Airconditioned shop floor and RoHS-compliant manufacturing.

## Some highlights of the facility:-

ISO 9001:2015  
Quality Management Systems

Process the capability of manufacturing  
RoHS - certified products

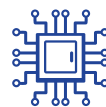

ISO 14001:2015  
Environmental Standards

BAR code shop floor control system for  
flawless process engineering

World-class manufacturing setup  
with dust-proof and humidity-controlled  
environment

The latest technology in equipment such as ICT,  
BGA rework Machine, Automated Optical Inspection  
machines, X-ray machine, Wi-Fi tester

SMT set up with a  
unique integration

Highly skilled and well-trained personnel to  
consistently deliver

## Industries we focus on:

AEROSPACE

MILITARY

AUTOMOTIVE

TELECOM (5G)

IOT

ELECTRONICS

MEDICAL

BIO-MEDICAL

ELECTRIC VEHICLE

## Strategic location and logistical advantage:

- **Best Location** - Just 15 KM away from Sea Port and 8 KM from National & International Airport.
- **Road Connectivity** - The Highway is next to SYNEGRA'S factory location (NH66 & NH17B).
- No congestion in the movement of containerized cargo.
- The container freight station is located just 2 km from the factory location.
- The Railway freight station is located appx. 20km from the factory location.
- A highly efficient logistics and commercial team on the board.
